MCCOLLOUGH WILL BOX WAHILANI

Wahilani and McCollough have been matched to box at Jack McFadden's show, and the articles were signed up last night. The two lads debated for a long time about the weight question but finally an agreement was come to. The men will box straight Queensberry rules and the winner will take all.

Dick Sullivan will go down to Lelehu tonight and referee the boxing contest between Friedman and Sarcont. It is possible that these two boxers may be engaged to battle it out again at McFadden's tournament—it all depends on the kind of showing they make tonight at the Cavalry barracks.

BOY INJURED

At noon today a cyclist named Ah Yim, who was traveling at a high rate of speed around Beretania street into River, collided with hack No. 151, which was driven by a Chinese named John Yap. The cyclist was thrown to the ground and the corner of his mouth cut open through striking the mud guard of the hack.

The hackman was taken to the police station but the fault was so clearly the cyclist's, that no proceedings beyond sending the boy to the hospital were taken. The Chinese hack driver promised to pay for the repairing of the wheel and also to convey the lad to the hospital.

WILHELMINA GOING SOME

Claim To Have Sliced Siberia Speed Record

The Matsen Navigation liner Wilhelmina was going some on the way down from San Francisco, according to her officers, who upon arrival here this morning declared that the vessel covered the trip down from the coast in five days, seventeen hours, which according to their statements, is three hours better time than that made by the Pacific Mail liner Siberia.

The Wilhelmina brought about fifty cabin passengers.

"The weather was exceedingly rough a portion of the way," said Purser Drew, "but the passengers did not seem to mind the capers of Old Neptune."

The Wilhelmina brings approximately three thousand tons of freight for the islands. Of this amount four hundred tons will be taken to Hilo. The vessel is expected to get away for the big island port tomorrow evening at 5 o'clock. Included in the cargo are seven automobiles, six being for Honolulu and one destined for Hilo.

On deck there traveled thirteen mules. If there is such a thing as ill luck in certain numbers, the four-footed Maids did not especially suffer from the hooded combination. They capered about the deck after being taken from their stalls and were apparently none the worse for the trip. Ninety-four sacks of later mainland mail arrived by the Wilhelmina.

WATERFRONT NOTES

OWING TO a shortage of boatmen, the inter-island steamer Cascade was considerably delayed in taking on sugar at Waipio and other Hawaii ports. The Cascade met with much rough weather, and it is said that her boats were insufficiently manned to get in the shipments of sugar awaiting the vessel at the island ports of call.

THE LITTLE cable station supply schooner Florence Ward is reported to have sailed from Midway bound for Honolulu seven days ago.

The vessel arrived with a number of cabin passengers. Rough weather was experienced in crossing the channel.

THE AMERICAN ship Edward Sewall, with sugar ballast, got away for Hilo this morning. The vessel will take on a full shipment of sugar at the Big Island port.

A SHIPMENT of lumber consigned to the order of the City Mill company arrived this morning by the American schooner Alert. The vessel sailed from Grays Harbor and was twenty-five days in making the passage down from the coast.
